IMPACT SUMMARY

Beaver Coach Sales & Service Center is a luxury RV dealer based in Bend, Oregon.

In 2025, their PIE membership generated **\$10,476.86** for **Oregon FFA** — nearly double what their own services alone would have produced.

Their everyday business services generated **\$4,947**. But **by referring** Happy Danes Auto Repair and Markquart Group to PIE, they unlocked an additional **\$6,029** in referral donations — 5% of PIE's margin from those businesses flowing back to their chosen cause at no extra cost to anyone.

Those funds went directly to Oregon FFA, adding to Beaver Coach's existing commitment to the organization and helping sustain a mission that has been developing Oregon's agricultural leaders since 1929.

Beaver Coach also participated in PIE's first **community sponsorship** event, the **I Like pie run**, alongside other local PIE members — contributing an additional **\$500 to Boys & Girls Club Bend** as part of that shared community effort.
