IMPACT CASE STUDY:

PAHLISCH HOMES + BEND SENIOR HIGH SCHOOL

$7,500
DONATION

PIE Member:
Pahlisch Homes

Nonprofit Partners:
Construction Program at Bend Senior High School

Expense Category:
Microsoft, Sophos, Veeam.

IMPACT SUMMARY OF THE PIE PARTNERSHIP

Pahlisch Homes has long supported the trades and the local workforce in Central Oregon.

Their partnership with PIE gave that commitment a new dimension—turning **everyday Microsoft, Sophos, and Veeam expenses into immediate, targeted community impact.**

When a need arose at Bend Senior High, the funds were already there. No new budget. No fundraising campaign. Just $7,500 generated through existing expenses, deployed exactly where and when it was needed to purchase a new construction trailer.

This is what PIE was built for.

"Our construction program is growing fast, and so is the amount of material we haul and waste we produce. Thanks to Pahlisch Homes and PIE, we received a dump trailer that's been a huge help. It saves us a lot of time and energy, and it gives our students real experience operating a true piece of equipment. Thank you for partnering with us and giving our kids this opportunity."

-Pat McLain, Construction Teacher, Bend High School

"At Pahlisch Homes, we're committed to promoting the trades and building up the local workforce, so supporting CTE programs is something we're always excited to do. Our partnership with PIE is what made this donation possible. When Pat told us exactly what his program needed, we had funds available through PIE, and supporting Bend High was a no-brainer."

-Jason Myhre,Chief Communications Officer, Pahlisch Homes
