**CASE STUDY:**

**SEBASTIAN'S SEAFOOD AND SPECIALTY MARKET + HIGH DESERT MUSEUM**

**A local market. A beloved museum. One smart business decision that brought them together.**

**IMPACT SUMMARY**

**Sebastian's Seafood and Specialty Market** has always been about quality — in what they source, what they serve, and how they show up for their community in Bend.

In 2025, that commitment extended beyond their counter. Through their partnership with PIE, Sebastian's generated **\$1,734.07** for the **High Desert Museum** — without changing how they operated or spending a dollar more.

The High Desert Museum brings the wildlife, culture, and history of the Pacific Northwest to life for visitors of all ages. It's a place that educates, connects, and reminds us why this region is worth protecting and celebrating. That contribution helps keep those doors open and that mission alive.

A small business. A beloved local institution. And a lasting reminder that even everyday expenses can leave something meaningful behind.
